

Cat Ruffle Pattern

A brightly coloured cat ruffle can help to reduce bird catches by up to 50% during the day. Please keep your cat indoors at night. Use with a breakaway collar.

Thank you for being a cat and bird lover.
Please share pics of your ruffled up cat with us!

Use the brightest fabric you can find.

The ruffle makes it harder for cats to hide, giving our native birds a "flying" chance.

Thank you for caring for our native birds.
